

Patient Intake Form

Client Information and Medical History

In order to provide you with the most appropriate treatment, we need you to complete the following questionnaire. All information is strictly confidential.

Client Name _____ Today's Date _____

Date of Birth _____ Age _____ Occupation _____

Home Address _____ City _____ State _____

Zip Code _____ Cell Phone _____ Home Phone _____

E-mail address: _____

Emergency Contact Name and Phone _____

How were you referred to us? _____

Do you regularly sun bathe or use tanning salons? How often? _____

Are you currently under the care of a physician? Yes No If yes, for what: _____

Do you have any of the following medical conditions? (Please check all that apply)

- Cancer Diabetes High blood pressure Herpes Arthritis Frequent cold sores
 HIV/AIDS Keloid scarring Seizure disorder Skin disease/Skin lesions Hepatitis
 Hormone imbalance Thyroid imbalance Blood clotting abnormalities Any active infection

Additional health problems or medical conditions? Please list: _____

Have you ever had an allergic reaction? (List all that you have had and describe the reaction you experienced)

What oral or topical medications are you presently taking? (It is required that you list all of them):

Photographic Consent:

I give consent to be photographed for the purpose of medical records Yes No

I give consent to be anonymously photographed for marketing and/or publication Yes No

For our female clients:

Are you pregnant or trying to become pregnant? Yes No

Are you breastfeeding? Yes No

Are you using contraception? Yes No

I certify that the preceding medical, medication and personal history statements are true and correct. I am aware that it is my responsibility to inform the doctor or other health professional of my current medical or health conditions and to update this history. A current medical history is essential for the caregiver to execute appropriate treatment procedures.

Patient Signature _____

Fitzpatrick Skin Type

The most commonly used scheme to classify a person's skin type by their response to sun exposure in terms of the degree of burning and tanning was developed by Thomas B. Fitzpatrick*, MD, PhD. Examples are given below.

* Fitzpatrick, T.B. (1988) The validity and practicality of sun reactive skin types I through VI. Arch Dermatol 124; 869-871.

Eye colour

- 0. Light colours
- 1. Blue, gray or green
- 2. Dark
- 3. Brown
- 4. Black

Natural hair colour

- 0. Sandy red
- 1. Blond
- 2. Chestnut or dark blond
- 3. Brown
- 4. Black

Your skin colour (unexposed areas)

- 0. Reddish
- 1. Pale
- 2. Beige or olive
- 3. Brown
- 4. Dark brown

Freckles (unexposed areas)

- 0. Many
- 1. Several
- 2. Few
- 3. Rare
- 4. None

If you stay in the sun too long?

- 0. Painful blisters, peeling
- 1. Mild blisters, peeling
- 2. Burn, mild peeling
- 3. Rare
- 4. No burning

Do you turn brown?

- 0. Never
- 1. Seldom
- 2. Sometimes
- 3. Often
- 4. Always

How brown do you get?

- 0. Never
- 1. Light tan
- 2. Medium tan
- 3. Dark tan
- 4. Deep dark

Is your face sensitive to the sun?

- 0. Very sensitive
- 1. Sensitive
- 2. Sometimes
- 3. Resistant
- 4. Never have a problem

How often do you tan?

- 0. Never
- 1. Seldom
- 2. Sometimes
- 3. Often
- 4. Always

When was your last tan?

- 0. +3 months ago
- 1. 2-3 months ago
- 2. 1-2 months ago
- 3. Weeks ago
- 4. Days

Score

0-6	Skin Type I	
Always burns, never tans (pale white skin)		
7-13	Skin Type II	
Always burns easily, tans minimally (white skin)		
14-20	Skin Type III	
Burns moderately, tans uniformly (light brown skin)		
21-27	Skin Type IV	
Burns minimally, always tans well (moderate brown skin)		
28-34	Skin Type V	
Rarely burns, tans profusely (dark brown skin)		
35+	Skin Type VI	
Never burns (deeply pigmented dark brown to black skin)		

Disclosure and Consent

Veins/Rosacea Treatments

For Removal/Reduction of Brown Spots & Spider Veins

Name: _____ Date: _____

I authorize Santa Cruz Med Spa, who's employees are experienced and trained in the removal of brown spots and superficial spider veins, to perform the procedure. The light pulsed system will dramatically reduce darkly pigmented sunspots and spider veins. More than one laser session may be necessary to achieve desired results. However, other treatments, including skin care products, are often needed to blend color, reduce sun damage, and give the best results. The FDA has given the clearance for removal of brown spots, spider veins, and rosacea.

The skin treated will be red and swollen with fine, thin scabs forming. Please keep the treated areas covered with Polysporin and Aquaphor until the thin scabs fall off. This process will take anywhere from 1-3 weeks. It could take as long as 3-6 months in some cases. Do not scratch the scabs, which can cause scarring.

We are unable to treat clients that are on ACCUTANE, and PHOTSENSITIZING medications. Clients using ANTICOAGULANTS should be noted.

The following problems may occur with treatment:

1. **Scarring:** The light pulsed system can create a bruising and a moderate burn or blister to the skin. For an effective treatment, the power (joules) needs to be just below the blistering point which means skin will be red. Although it is certainly possible to scar with a burn or blister, it has not been a problem with the Medilux. However slight, there is a risk of scarring.
2. **Hyper-pigmentation** (browning) and **Hypo-pigmentation** (whitening) have been noted after treatment, especially with a darker complexion. This usually resolves within weeks, taking as long as 3-6 months in some cases. Permanent color change is a rare risk. If you have a lot of color in your skin, a skin lightening cream will be advised to reduce the melanin in your skin before the treatment. Avoiding sun exposure after the treatment reduces the risk of color change.
3. **Infection:** Although infection following pulsed light treatment is unusual, bacterial, fungal, and viral infections can occur. Herpes simplex virus infections around the mouth can occur following a laser treatment. This applies to both individuals with a past history of herpes simplex virus infections in the mouth area. Should any type of skin infection occur, additional treatment including antibiotics might be necessary. If you have a history of herpes simplex virus in the treated are we would recommend preventative therapy.
4. **Bleeding:** Pinpoint bleeding is rare but can occur following brown spot and spider vein treatment procedures. Should bleeding occur, additional treatment might be necessary.
5. **Laser Smoke (plume):** Although brown spot/solar lentigo removal treatment normally involves minimal laser smoke, the smoke is noxious to those who come in contact with it. This smoke may be representing a possible biohazard.
6. **Skin tissue pathology:** Energy directed at skin lesions may potentially vaporize the lesion. Laboratory examination of the tissue specimen may not be possible. Only clearly benign pigmented lesions can be treated. Check with your doctor for a clearance for the treatment.
7. **Allergic reactions:** In rare cases, local allergies to tape, preservatives used in cosmetics or topical preparations, have been reported. Systemic reactions (which are more serious) may result from prescription medicines. Allergic reactions may require additional treatment.
8. Please wear sunscreen of SPF 25 or higher before and after treatment to protect your skin.
9. I understand I may need multiple treatments for the desired outcome.

continued on next page

10. I understand that exposure of my eyes to light could harm my vision. I will keep the eye protection on at all times.

11. Compliance with the aftercare guidelines is crucial for healing, prevention of scarring, hyper-pigmentation and hypo-pigmentation.

I release Santa Cruz Med Spa from these liabilities.

Occasionally, unforeseen mechanical problems may occur and your appointment will need to be rescheduled. We will make every effort to notify you prior to your arrival to the office. Please be understanding if we cause you any inconvenience.

Notice of Privacy Practices

This is a summarized version of our Notice of Privacy Practices. The purpose of this form is to inform about how we may use and disclose your medical information. The Health Insurance Portability and Accountability Act (HIPAA) is a federal program requiring that all medical records used or disclosed by our office be kept confidential. We are required by law to maintain the privacy of your medical information and to provide you with notice of our legal duties and privacy practices.

HIPAA requires us to notify you that we may use your medical records for each of the following purpose:

Treatment

- Providing, coordinating, or managing your health care and related services.

Payment

- Obtaining reimbursement for services, confirming insurance coverage, billing, and collection activities and utilization review.

Health Care Operations

- Including business activities or management of our office.

You have the following rights regarding your medical records:

- You may request restrictions on disclosures of your medical records.
- You may review your medical records.
- You may request a copy of your medical record. There may be a charge for this service.
- You may provide an amendment to your medical record.
- You may request a list of disclosures made from your medical record.

This summarized notice is effective as of 9/12/2013. We reserve the right to make modifications to our privacy notice. The complete version of our Notice of Privacy Practices is always available upon request. If you feel that your privacy protections have been compromised, you may contact our office manager or the Department of Health and Human Services or the Office of Civil Rights.

Patient Consent Form

HIPAA

Patient Consent for Use and Disclosure of Protected Health Information

I hereby give my consent for [Insert practice name] to use and disclose protected health information (PHI) about me to carry out treatment, payment and health care operations (TPO).

(The Notice of Privacy Practices provided by Santa Cruz Med Spa describes such uses and disclosures more completely.)

I have the right to review the Notice of Privacy Practices prior to signing this consent. Santa Cruz Med Spa reserves the right to revise its Notice of Privacy Practices at any time. A revised Notice of Privacy Practices may be obtained by forwarding a written request to Santa Cruz Med Spa, at 2030 North Pacific Avenue, Unit E, Santa Cruz, CA 95060.

With this consent, Santa Cruz Med Spa may call my home or other alternative location and leave a message on voice mail or in person in reference to any items that assist the practice in carrying out TPO, such as appointment reminders, insurance items and any calls pertaining to my clinical care, including laboratory test results, among others.

With this consent, Santa Cruz Med Spa may mail to my home or other alternative location any items that assist the practice in carrying out TPO, such as appointment reminder cards and patient statements as long as they are marked "Personal and Confidential."

With this consent, Santa Cruz Med Spa may e-mail to my home or other alternative location any items that assist the practice in carrying out TPO, such as appointment reminder cards and patient statements. I have the right to request that [Insert name of practice] restrict how it uses or discloses my PHI to carry out TPO. The practice is not required to agree to my requested restrictions, but if it does, it is bound by this agreement.

By signing this form, I am consenting to allow Santa Cruz Med Spa to use and disclose my PHI to carry out TPO.

I may revoke my consent in writing except to the extent that the practice has already made disclosures in reliance upon my prior consent. If I do not sign this consent, or later revoke it, Santa Cruz Med Spa may decline to provide treatment to me.
